Who We Are

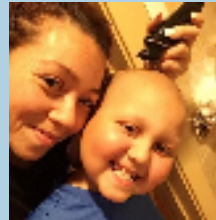

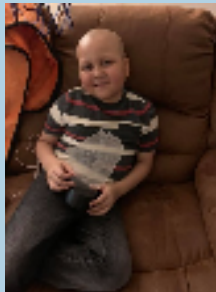

About Us

We are always looking to support a local family as well as St. Jude's Children's Research Hospital. Your generous donations have helped many families and children in need. To date, we are proud to announce, we have donated over \$100,000 to local families & St. Jude's Children's Hospital to those battling Neuroblastoma Cancer & Leukemia.

It is so very difficult to pick a child and family in need for they are all worthy of our help.

This year we have chosen another spunky child from Lake Worth Florida. Johan Antigua. He is 8 years old and is one of five children. He is currently battling Leukemia.

Help us make a difference for Johan!
