What is the Florida Sheriffs Youth Ranches?

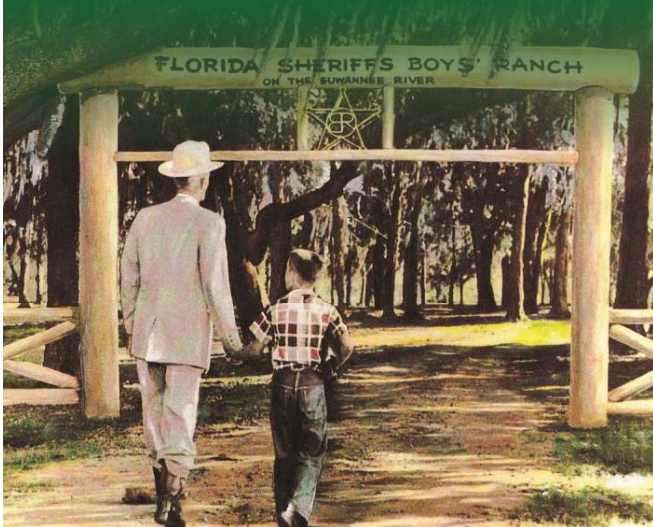

Over 60 years ago, the saga of the Florida Sheriffs Youth Ranches began on the banks of the historic Suwannee River driven by the vision of concerned Florida Sheriffs. These Sheriffs saw a desperate need to care for the troubled and neglected boys they were dealing with on a regular basis. In 1957, with the help of other caring individuals, the Florida Sheriffs Boys Ranch opened its doors and its arms to help start some of those boys down the right path.

Today, the Florida Sheriffs Youth Ranches are open to both boys and girls who are in trouble and need assistance. Our services include a residential care program which offers long-term care to children by providing them a “family-like” atmosphere that offers nurturing and guidance.

The Youth Ranches also offer camping service programs. These programs provide the normal “summer camp” activities, but also provide leadership training, positive coping skills, and educational activities while forming positive relationships with volunteer law enforcement.

These programs and services could not be possible were it not for the generosity of our donor families. The funds provided by these special people have helped make a difference in the lives of over 106,000 children and their families.

If you would like to have more information on our programs and services, feel free to contact us at 1-800-765-3797 or online at www.youthranches.org.
