

PEOPLE'S CHOICE PUBLIC ADJUSTERS
Helping **YOU** recover and rebuild.

Dear Donovan Family:

Thank you for the wonderful services Golf Today provided for our first annual golf tournament last October. This was the first tournament for our company and the first tournament I was in charge of planning. Your organization removed any and all headaches from my plate and made my first golf tournament look extremely professional to our golfers and to the golf course where our tournament was held.

Golf Today not only provided a beautiful brand new vehicle at the Hole N One through their personal car dealership relationships, but made wonderful suggestions on how to raise additional money for our charity, helped us get additional raffle and silent auction items through their sponsorships and relationships and took our golf tournament to the professional level we needed based on their extreme knowledge of running golf tournaments.

Golf today and the Donovan family were a pleasure to work with and treated our tournament as it they were running their own and we are so very grateful for the additional success you created.

Thank you.

Sincerely,

Kelly Tilles
Tournament Director
