I have worked with John at Outback Steakhouse for the past 4 years. He is the kindest, most lovable person I've ever met. About 2 years ago, his daughter was involved in a life altering car accident that requires her to have 24 hour care. We changed John's work schedule so he and his wife Etna would be able to take care of their daughter full time. They depleted their life savings paying for doctor/medical bills for his daughter and still have a ton of debt. Through it all, John always came to work with a smile on his face and credited his wife for being his rock, and the glue that held everything together. On Friday January 13th, John's wife Etna had a brain aneurysm. She fought hard in ICU for a little over a month, but on February 18th Etna lost that fight. John is now left to care for his daughter who needs around the clock supervision, and his 3 other children in high school and college. The Rizzo family needs all the love, support and financial help we can give them. Thank you in advance for your support in helping this incredible family and I look forward to seeing all of you at our benefit dinner.....JR Lanzalotto
