

Dear Golf Today – Donovan Family,

April 12, 2014

On behalf of Suncoast Rehabilitation Center, we would like to extend to you our deepest thanks for your participation and help in achieving the success we hoped to achieve at our charity event. Your participation and high energy professionalism enabled us to reach the monetary goals needed which resulted in a full scholarship to a very deserving person. This was our intent and the addition of your company and more importantly, your family support of our great cause was inspirational and greatly appreciated.

You will, without a doubt, be a part of this year's event and events for years to come due the contribution and selfless generosity showed by your whole team.

Once again, we sincerely appreciate your participation and dedication to helping raise money for charity such as ours. You are not only great at it, you make it easy and fun.

Best Regards,

Derek A. Queener

Tournament Director
